Memorial standing strong again

THE historic Bolwarra war memorial was re-dedicated yesterday, five years after it was hit by a car.

The memorial was dismantled and placed in storage after the accident in 2002, but was standing

proudly again yesterday, close to its original site.

Maitland RSL vice-president Fred Goode said the World War I memorial had been restored and relocated to a safer position on Westbourne Road at

Bolwarra. "It was recovered by the council and restored with a grant from the Department of Veterans' Affairs and council funds," he said.
